

Primeco at a Glance

Primeco Claims Group was built for today's industry. Since 1987 the Primeco companies have provided best-in-class services to the property insurance industry.

With the latest technology and a close relationship with our clients, Primeco Claims Group has positioned itself as a leader in the insurance services space.

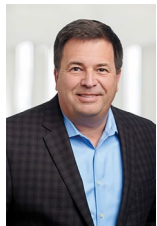

We pride ourselves in recruiting the best insurance professionals and training newer adjusters in all aspects of the claims business; our highest priority is making you a happy, life-long customer.

Why Partner with Primeco?

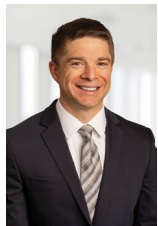

We increase your capacity by enhancing efficiency and accuracy in claims handling using our Primeco Claim Flow: a proven and lauded program that allows you to close new claims faster with fewer supplements. We understand what it's like to depend on IA firms and not get what you need when you need it.

QUALITY FIRST, ACCURACY ALWAYS.

Property Claims Experts

- 🚩 *Dedicated Team of Daily Adjusters*
- 🚩 *Residential & Commercial Claims*
- 🚩 *Farm & Ranch (Including Farm Liability)*
- 🚩 *Experienced with All Perils*
- 🚩 *Catastrophe Services Available*

Primeco Claims Group handles daily non-weather and weather-related claims. Our team can cover all your field investigation needs, including recorded statements.

We provide adjusting services for all perils across the country (including the US Virgin Islands and other territories), managed by General Adjusters with extensive field experience. When you assign a claim to Primeco, we find the right adjuster for that claim – not just any adjuster in the area.

Temp Staffing

Our staff and independent adjusters are available to you when you need them most. We quickly cover vacancies for a short period of time or help your team during extreme claim spikes. When you need greater capacity and are not ready to fully staff yourself, you can weather the storm with Primeco.

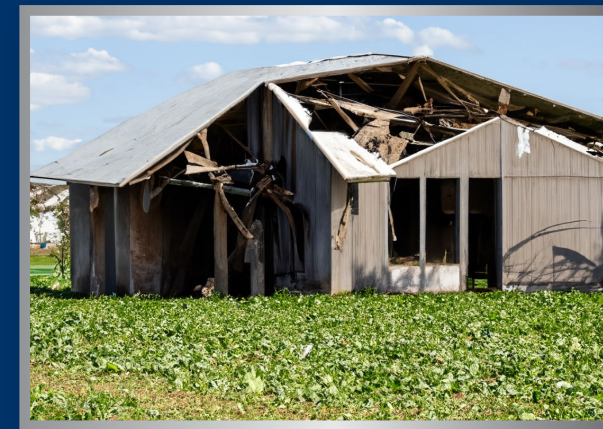

Residential Claims

Our staff and independent adjusters assist with residential claims from simple fence damage to represented complex losses. We handle files of any scope, peril, or property type.

Third Party Auto Liability

When your insured damages physical property, use a property professional to write and settle the claim rather than sending it to an auto appraiser. We can write, negotiate, and settle these claims faster and with more accuracy. We're the property claims experts!

Farm & Ranch Claims

We cover the most remote parts of the country with years of farm and ranch experience. Whether dealing with a first-party or third-party loss, we have Farm Dwelling, Farm Building, and Farm Liability adjusters available.

Commercial Claims

Whether a small commercial loss, large municipality exposure, or anything in between, our experienced independent adjusters, staff GAs and EGAs are your assets in the field. No matter the scope, peril, or property type, we deliver accurate, timely, and dependable results.
